

## **Detail Report of 50 students enrolled in Certificate Courses and Value added Course**

### **Year 2017-2018**

447-Students successfully completed certificate course in computer science and 659 students completed compulsory course in Environmental science

### **Year 2018-2019**

359-Students successfully completed certificate course in computer science,

257-Students in compulsory course Environmental science.

20-Students completed certificate course in computer hardware and maintenance and networking.

13-Students completed course in communication skill in English

20-Students completed certificate course in Ecology organized by Department of Zoology.

20-Students completed certificate course in computerised

Accounting and 20 students completed value added course communication skill in Arabic.

### **Year 2019-2020**

324-Students successfully completed certificate course in computer science, 270-

Students in compulsory course Environmental science. 18-Students completed

course in computer hardware, maintenance and networking. 14-Students

completed course in communication skill in English. 19-Students completed

certificate course in Ecology organized by Department of Zoology. 20-Students

completed certificate course in computerised Accounting and 13 students

completed value added course communication skill in Arabic.

### **Year 2020-2021**

213-Students successfully completed certificate course in computer science,

447-Students in compulsory course Environmental science.

18-Students completed course in computer hardware, maintenance and Networking.

15-Students completed certificate course in Ecology organized by of Zoology.

### **Year 2021-2022**

210-Students successfully completed certificate course in computer science,

268-Students in compulsory course Environmental science.

20-Students completed course in Computer hardware and maintenance networking.

20-Students completed course in communication skill in English.

17-Students completed certificate course in Ecology organized by Department of Zoology.

19-Students completed certificate course in computerised

Accounting and 14 students completed value added course communication skill in Arabic.

As per the DVV directives 50 students from 5 certificate courses and 1 value added courses were randomly selected herewith, a list of 50 students is attached.
