

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Student Centric Methods

Test and tutorials were assigned to the students to test their learning outcomes. Quizzes were arranged by some departments to test the knowledge of the students. Class seminars on some topics were arranged. Group discussions were taken to enhance the ability of the student to communicate. Projects on significant topics were given to students of BSC third year to develop their research aptitude. Industrial visits were undertaken to expose the students to the working of different industries and the equipment used for the production of various goods. Exchange of the students and the various activities are undertaken by the institution in collaboration with another institution under MOU and linkages. Science talent exam is conducted annually to develop scientific temper among the students. Prizes for the three toper are given to encourage them. Various co curricular activities such as debate competition, essay competition extra are taken. Spoken English crash course is conducted annually to enhance the speaking and writing skills of the student.
