

## Feedback Report 2020 – 21

The college has feedback system from all the stakeholders. The feedback is taken annually from the students for theory and practical, teachers, alumni and parents by the IQAC of the college. Feedback is based on questionnaire. This feedback process is taken through online mode Google forms of feedback were sent to the students on what's app group. This feedback from students were collected on the different aspects of teaching learning process, Conceptual clarity of teacher, communication skill of teacher, subject knowledge, and overall performance of the teacher. 124 students had filled feedback about teachers after analysing these feedback teachers whose performance need to be improved is called by the management and they were asked for the improvement. 98 students given Feedback on curriculum, 33 teachers had given feedback on syllabus, 68 parents had given feedback and 48 alumni had responded and feedback on syllabus. Suggestion from the parents and teachers used to make improvements in college administration and facilities provided to the students. Feedback from the teachers about the scope and depth of syllabus, its level of difficulty and its usefulness for getting advance knowledge and career betterment was received and it is suggested that the present syllabus is satisfactory, but employable skills has to be incorporated in it this suggestions were given by parents, teachers, employers

The purpose of the feedback from employers is to assess whether their expectations were full filled. The feedback from Alumni is helpful to obtain the extent of attainment of the progress out comes. These suggestions from the stockholders are important for maintaining and improving the quality of services rendered by the institutions. Some suggestions were given by the students and parents about library facilities and academic performance of the students. The feedback was analysed with the help of updated software using statistical tools and graphs.

The feedback was shared with the teachers and also was discussed in IQAC meeting and principal. After discussing the feedback with the principal, certain modifications were suggested. Feedback of Parents and Students was also discussed with the principal and it was suggested to the library in charge to improve the library facilities to the students and used by the Departments and teachers to improve their results.
